Mr. Ross Jurman
Advanced Window Solutions
8 Devonshire Court
New York, NY 10567

Dear Ross:

I am writing to let you know that I have recommended Advanced Window Solutions to several friends.

It has been almost 8 years since you had installed the first window film to protect our expensive silk window treatments. Over the years, we have worked together as we continued to decorate our home. To this day, they look brand new and your services were the best investment we could have made.

Your staff was courteous, prompt and respectful of our home. After the job was complete, all materials and supplies were removed without a trace.

I want to thank you for all your work and I wish you continued success.

My referrals will be contacting you shortly. And please feel free to use me as a reference for any future projects.

Kind regards,

Marie Aloisi

Advanced Windows Solutions LLC
8 Devonshire Court
Cortlandt Manor, NY, 10567

Dear Marc and Ross,

I wanted to express my thanks and appreciation for the impressive job Advanced Windows provided during and after construction of Diageo's new headquarters facility in Norwalk. As you know, Diageo is the leading premium adult beverage company in the world.

Your company was able to deliver appropriate and high quality work on time and within budget. You both possessed a sound understanding of our work environment, which ensured high quality results and appreciative employees. While the end product is seamless, the delivery of it requires significant coordination and effort, most of which is often accomplished after normal working hours. Your dedication to ensuring high quality projects is your trademark.

I have no doubt that Advanced Windows will bring all these great experiences and qualities to bear for whomever you work with in the future.

Sincerely,

Pamela Giannone
Director
Diageo North America

Dear AWS,

Back in 1999, I was the first Interior Designer to work with Ross and Marc of Advanced Window Solutions, LLC. I had utilized another film company and was not satisfied with their service. Ross and Marc, who at the time were installers, surpassed my expectations. Their attention to detail, great customer service and ability to deal with my clients in a very professional manner make each experience second to none.

I have been using window film on my client's projects since 1993. In our design practice, we specify very expensive furnishings, fabrics and floor coverings for our clients and my job is to provide protection for these sometimes priceless treasures. Window film not only provides UV protection against fading but has also saved my clients considerable money on their energy bills.

I also utilize window film when we have glare issues. This has become increasingly important with the advent of home theaters and large flat screen televisions. Many new homes have very large windows and glare issues prevent my clients from getting the most out of their entertainment environments. The AWS team consistently comes up with clever solutions to control light and glare with a combination of film and Hunter Douglas window shading options. I highly recommend the AWS team for your entire Architectural window shading challenges. They are bar none, the best window film company in the tri-state area.

Phyllis Harbinger, ASID, CID
Principal Designer

SABRINA GLASS INTERIOR DESIGN

TO WHOM IT MAY CONCERN.

I highly recommend Ross Jurman and Mark Vitaliani to take care of any of your window treatment needs, or windowfilm applications. Not only are they extremely knowledgeable about their products, but they are gentlemen in the true sense of the word! 'Exceptional customer service' is not just sales talk with them! They do what they say they'll do, are honest, dependable and competitively priced! No matter the scope of the project I am involved in, I always turn to Mark and Ross for their expertise and dependability! I know you will enjoy working with them as much as I do.

P.O. Box 3011
Poughkeepsie, N.Y., 12603

Dear Marc,

Thanks so much for the great “filming” you and your colleagues completed last Friday at our house in Pleasant Valley. It has made a huge difference in the comfort level of the house. Jay, who was quite skeptical, just kept walking around all weekend saying “I can’t believe how much more comfortable the house is!” On Saturday, we had supper at the table in the sunroom about 7:00 pm-unheard of in the summer! Also we never had the air conditioning on in the house either Saturday or Sunday. The upstairs is much much cooler and more comfortable. I’m sure we will save a lot in air conditioning.

Use me in a commercial! I am a very satisfied customer! I will call you in the fall to schedule work here in the New York apartment.

Thanks again!!!

Sincerely

Advanced Window Solutions

To Whom It May Concern

Over the past 5 years Advanced Window Solutions have been installing film at this location. I first met Ross & Marc when they responded to an RFP to resolve a sun glare problem that existed throughout 80% of the facility. In addition to providing a competitive bid in accordance with the bid documents, after Advanced was notified they were awarded the contract, they provided recommendations that lowered our cost \$20,000. They have always met deadlines kept their work environments safe & neat, and they understand the importance of not allowing their business to disrupt the business of their clients.

I have found them to be very professional in the way they conduct themselves and have no reservation recommending them if solicited.

Sincerely,

Dennis Morrissey
